COULD YOU SUPPORT

A LOCAL FESTIVAL

Each year communities host Festivals that bring people together for music, culture and new experiences. Festival Angels have worked at some of the largest UK Festivals for over 15 years and have a model that can easily be replicated at smaller local events.

FESTIVALANGELS.ORG.UK

ABOUT FESTIVAL ANGELS

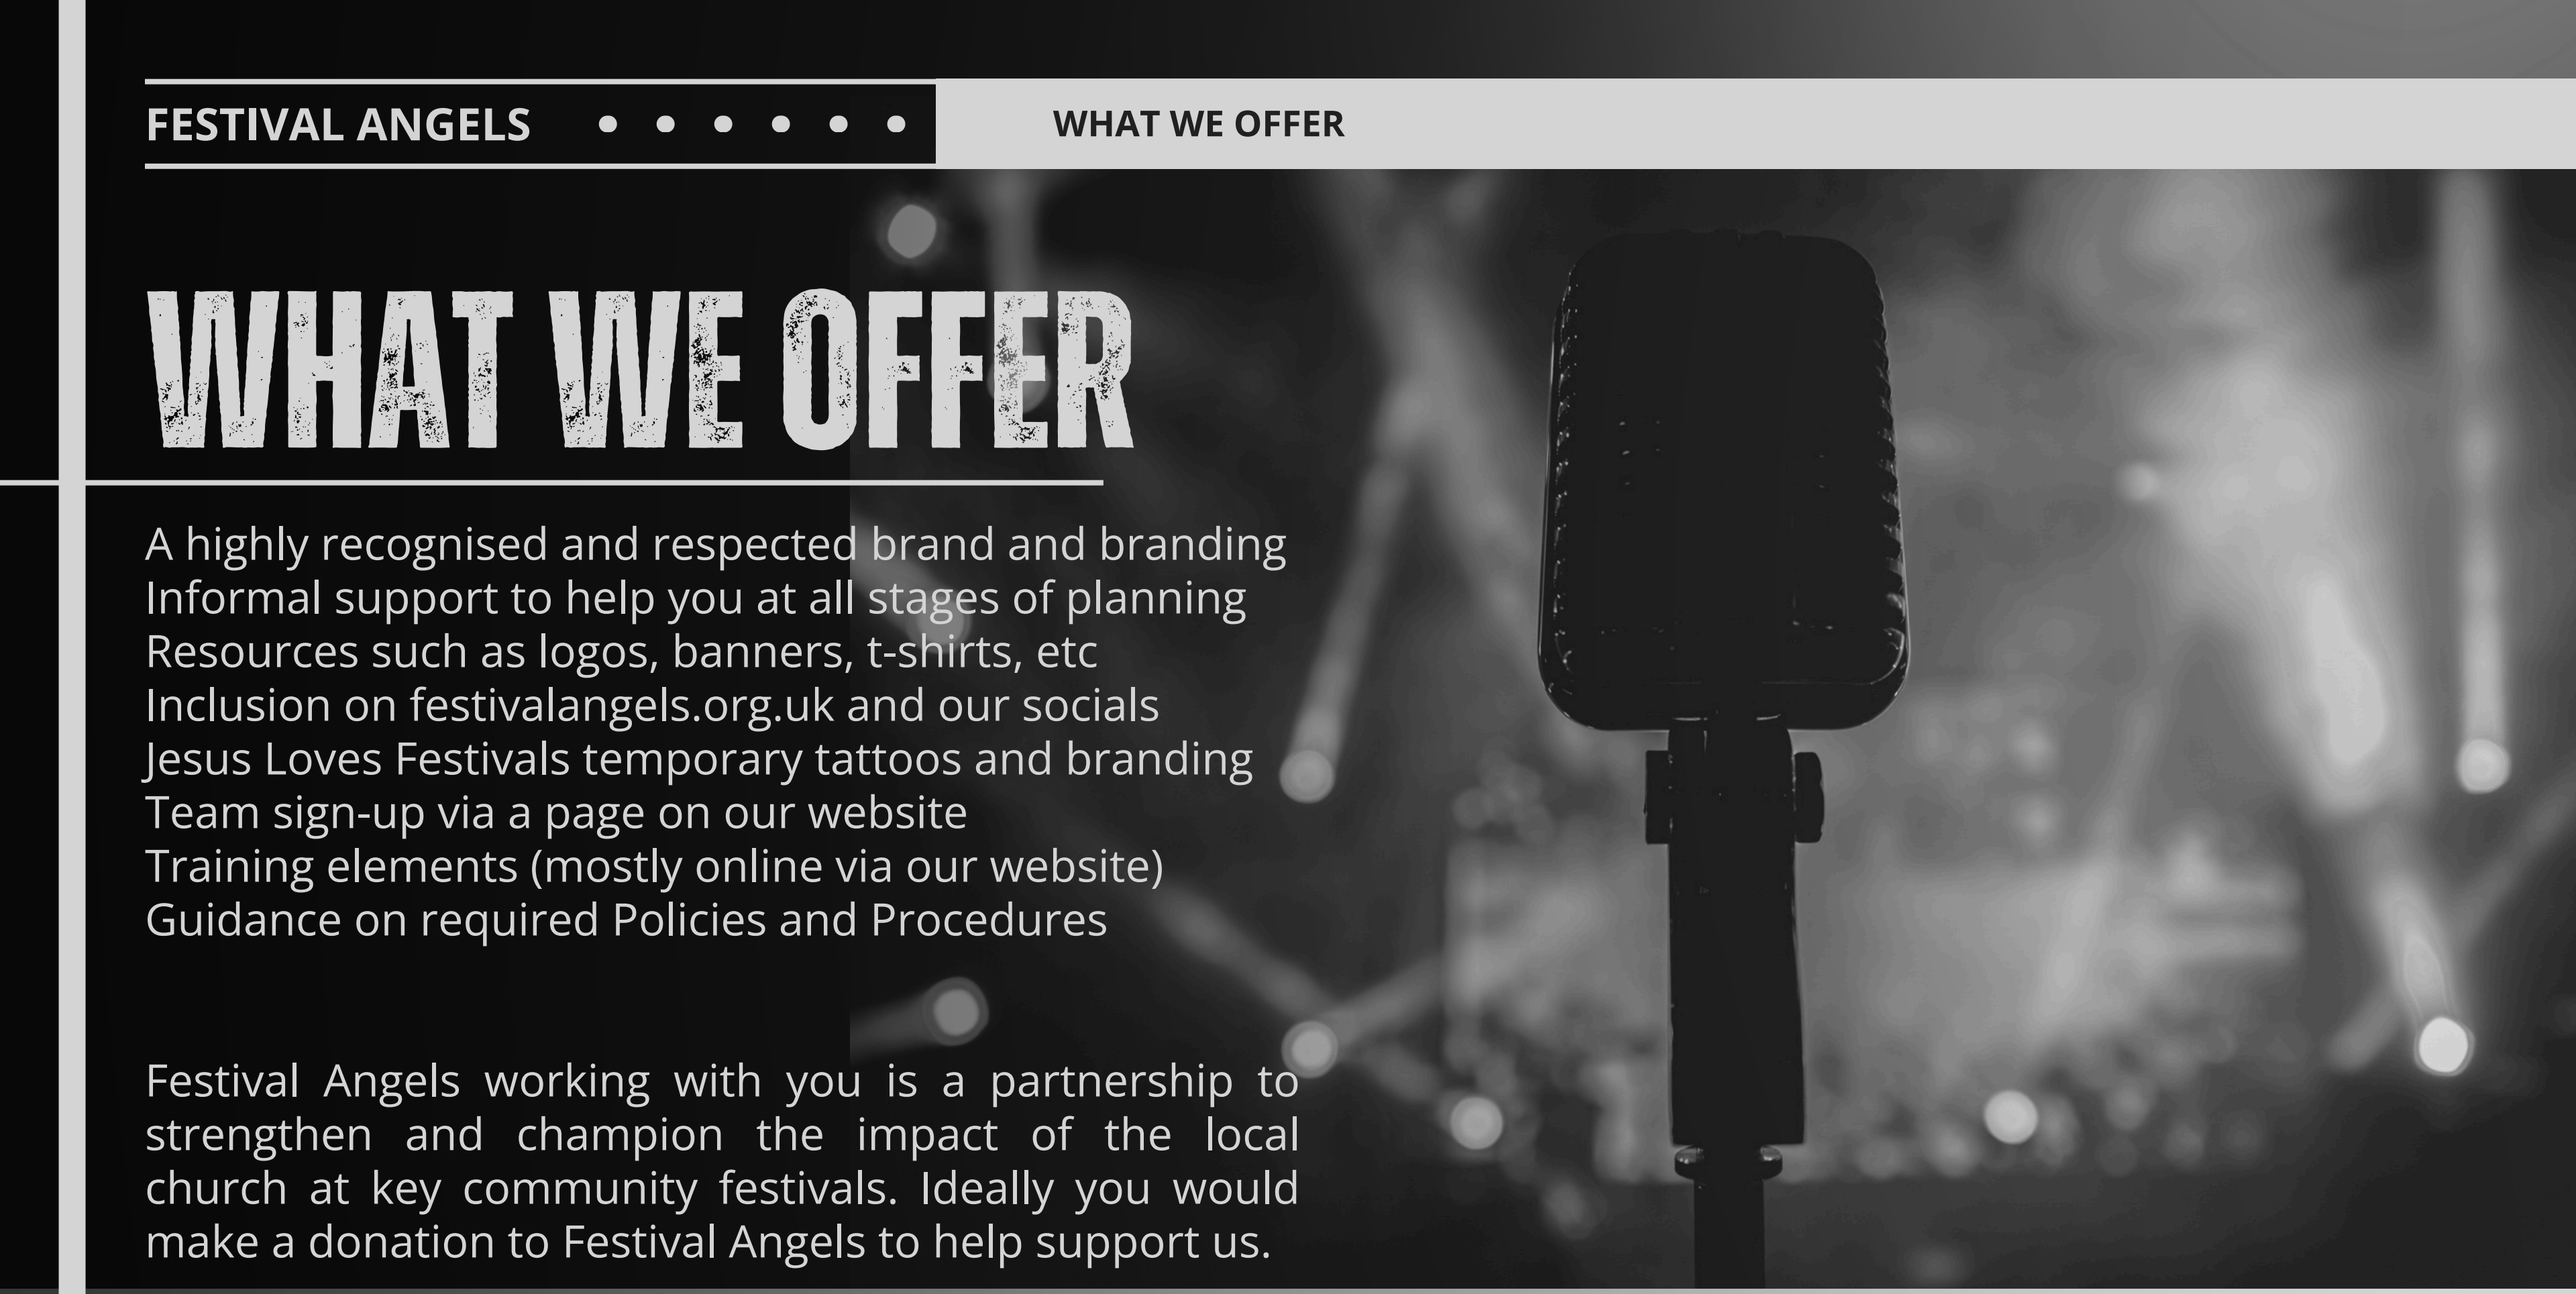

The vision of a 79 year old lady from a local to Leeds Festival church who wanted to support the 85,000 mostly young people who attend Leeds Festival each year. Festival Angels is now at some of the largest music festivals in the UK.

Our amazing teams invest thousands of hours each year to offer practical support and care to festival-goers and staff through safe hubs, prayer cafes, lost property and detached teams. Our heart is to show Jesus Loves Festivals!

We have a model that works well at any size event and we can offer the support and ideas to the local church to become Festival Angels locally.

Check out festivalangels.org.uk to see us in action.

WHAT WE OFFER

A highly recognised and respected brand and branding
Informal support to help you at all stages of planning
Resources such as logos, banners, t-shirts, etc
Inclusion on festivalangels.org.uk and our socials
Jesus Loves Festivals temporary tattoos and branding
Team sign-up via a page on our website
Training elements (mostly online via our website)
Guidance on required Policies and Procedures

Festival Angels working with you is a partnership to strengthen and champion the impact of the local church at key community festivals. Ideally you would make a donation to Festival Angels to help support us.

OUR BRANDING

The striking Festival Angels logo can be used on websites, social media, banners or clothing. The simple desgn along with the name (both are trademarked) unites our teams and is a simple concept that festival-goers and staff can understand.

Jesus Loves Festivals is a contemporary design that helps people engage with Jesus. Banners at the festivals are bright, colourful and fun and we find a good selfie with Jesus moment!

Festival Angels have developed temporary tattoos with this design which become a great festival experience for people. Helping people with tattoos is a great conversation opener around faith and life in general.

Jesus Loves Festivals Mark's Gospel (in The Message version) are available for those wanting more depth.

NEXT STEPS

If you have a festival local to you that you can see Festival Angels working at then:

Speak to us - ideally 6-8 months in advance of the festival dates.

Speak to the Festival organisers - we need to find out what support they would like (this can take time!)

If it is a yes - we can support you with planning, logistics and next steps.

FEEDBACK FROM LOCAL TEAMS

Rev. Cath Horne, South West Baptist Association:

"The church in Porthleven was looking to offer support and help to those attending the annual food festival. We discovered Festival Angels and have partnered with them for several years. They provided the branding and banners that enable us to run a Festival Angels Safe Hub and detached teams. The Jesus Loves Festival design helps us connect through faith conversations. The local Festival Angels look forward to becoming part of the team each year and it is a great way to show that the church cares about this major event in our town and wants to roll up its sleeves to offer practical support and help. We are grateful to Festival Angels for showcasing and praying for the event within its national platform."

FEEDBACK FROM LOCAL TEAMS

Simon Shaw, City Vision Derby:

"Festival Angels have worked with City Vision Derby to support several local festivals including Darley Park Weekender. The Festival Angels network and connections resulted in a team of existing Festival Angels, Street Angels from neighbouring towns and local Derby people working together at the three day event. Festival Angels added value to the festival with support and welfare for festival-goers. Festival Angels is a great way for the church to engage in and for its local community."

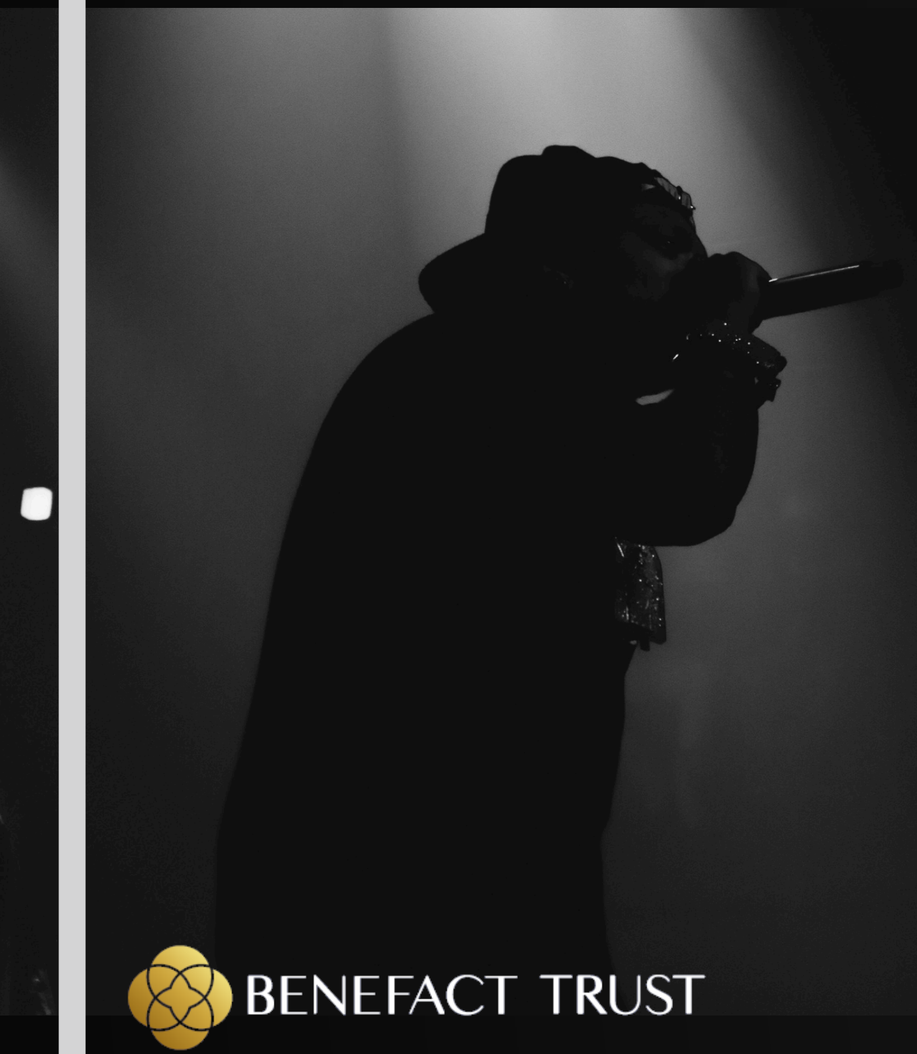

FEEDBACK FROM LOCAL TEAMS

Rev. Amy Wearing, Upton-upon-Severn Baptist Church:

"Upton-upon-Severn is home to a summer long festival season with three weekends attracting tens of thousands of people from across the region. Using the Festival Angels model we have become relevant within these festival events offering a safe place cafe and detached teams. We are able to support festival organisers and promote the town and its offer through our Angelic teams and social media. The safe place cafe, hosted in Upton-upon-Severn Baptist Church, welcomes thousands of visitors each summer who leave knowing Jesus Loves Festivals and, more importantly, festival-goers."

BENEFACT TRUST

GENERAL GUIDANCE

Festival Angels can offer general support and guidance but a local steering / organising group is needed. We can promote your Festival Angels team opportunity but realistically your team will be locally based. All potential volunteers will complete an application form, have references taken, a video interview and, for some festivals, a refundable deposit will be taken (we would work out the best approach for this).

Everything Festival Angels does is in partnership with festival organisers and we seek to best serve them around areas of support they identify.

It is expected that you have Insurance, Policies and Procedures (we can help), management structure in the run up / whilst at the festival and have shared relevant information and training with the team. Other festival resources are on our website.

Use of Festival Angels branding and name is at the condition of ongoing partnership.
